Discovery Events

See It. Experience It. Discern Your Next Step.

If you are exploring what it would take to launch a classical, Christian school in an under-resourced urban community, the Discovery Event is your first step.

For more than two decades, Hope Academy has grown from 35 students meeting in a church to nearly 700 students (K-12). Its model has become a **leading example of urban, Christ-centered, classical education**. Over 165 guests from 100+ cities have visited to discover this model so far.

The Discovery Event gives you an inside look at that model – and helps you discern what it would mean in your city.

“We knew our mission and the dream we had, but we were left asking: ‘How are we going to do that?’ We looked to Hope for the model. It’s incredible how God has sustained this beautiful work and given us a proven model through Hope” ~Morgan Shillow (Founding Head of School, St. Paul’s Community School)

What This Is

A 1.5-day immersive experience inside a thriving urban classical Christian school in Minneapolis.

Not a conference. Not a sales pitch.

A working, honest, behind-the-scenes exploration of what it truly takes.

What You'll Experience

- Live classroom observation
- Direct access to school leadership
- The origin and growth story
- Open Q&A on all school areas & how they're unique at Hope
- Deep dive into Hope Academy's distinctives:

Affordable
For All

Excellence &
Accountability

Christ-
Centered

Classical
Model

Parental
Involvement

What You'll Leave With

Clarity – Is this what God is calling you to build?

Courage – What will it truly require?

Community – Who else is building this in cities across the country?

Each guest will receive a **School Leader Guide** outlining the full Hope Academy model and practical next steps for launching in their own context.

Additional Perks

- Russ Gregg's "Mark of God & Our Education Crisis" booklet
- Access to a robust Zip-Drive of School Launching resources
- Free ClassicalU Course: "Spreading the Feast: Classical Education for All"
